Organic Crunch Berry Kush - also known as **Crunchberries**, **Crunch Berry Kush** or **Captain Crunch** - is an indica dominant hybrid owing its distinct sweet berry aroma to its parent, the award winning **Blueberry**. The nose on this cultivar is a scintillating tangy/sour affair infused with touches of vanilla, fresh hazelnuts and pin. The flavour is a remarkable fruiting bouquet that leaves a pleasant after-taste reminiscent of your favourite childhood cereal.

The high is energizing and euphoric and gradually drifts off towards a chilled out haze as it runs its course. With a state of relaxation being the guaranteed end game here, users recommend that **Crunch Berry** best be indulged in towards the end of the day.

EastCann dried flower is packaged in nitrogen-purged, food grade, recyclable cans. This type of packaging utilizes a purge of nitrogen and hermetic seal to maintain freshness and preserve the dried flower quality and terpene profile.
