INDICA (Banana OG x Kush Mints 11)

FILTHY BANANA

THC **28-34%** TERPS **4-6%**

Filthy Banana smells a bit like kiwi and is banana-adjacent in taste. That extra fruitiness is evidence of a luscious stash of terpenes and flavonoids. The aroma is pleasantly tart and honey sweet.

Remarkably, that banana flavour follows through into the burn amidst the citrusy terpenes and something reminiscent of chocolate.

LIMONENE, CARYOPHYLLENE, MYRCENE
