EastCann Animal Face is a high THC Sativa Dominant Hybrid of Face Off OG x Animal Mints

EastCann Animal Face is a high THC Sativa Dominant Hybrid of FaceOff OG X Animal Mints. This potent Sativa craft flower originating in California is grown by our partners Kootenay Cultivar in BC using living soil organic. The flower has a very piney, earthy, gassy profile. Animal face buds are dense with beautiful frosty trichomes.

EastCann dried flower is packaged in nitrogen-purged, food-grade recyclable cans.

This type of packaging utilizes a purge of liquid nitrogen and hermetic seal to maintain freshness and preserve the dried flower quality and terpene profile.

Legacy Matters.

HANG-DRIED | HAND-TRIMMED | SLOW-CURED
