**Lemon Sour Diesel is a Sativa-Dominant (80/20) cross of the popular California Sour X Lost Coast OG - created by the fantastic breeders at Green Lantern Seeds**

This high THC craft cultivar has a sour lemon profile with a diesel aftertaste exhale, and the aroma of lemon diesel with a hint of spice and citrus.

**EastCann dried flower is packaged in nitrogen-purged, food-grade recyclable cans.**

This type of packaging utilizes a purge of liquid nitrogen and hermetic seal to maintain freshness and preserve the dried flower quality and terpene profile.
