EastCann Poison OG is a high THC Indica Dominant OG Kush x Durban Poison

EastCann Poison OG is a high THC Indica dominant flower bred from All Star parents OG Kush and Durban Poison. The flower boasts a woody, earthy aroma with a hint of pine. The buds are dense with beautiful frosty trichomes. Grown by EastCann in Coco with organic amendments.

EastCann dried flower is packaged in nitrogen-purged, food-grade recyclable cans.

This type of packaging utilizes a purge of liquid nitrogen and hermetic seal to maintain freshness and preserve the dried flower quality and terpene profile.

Legacy Matters.
