EastCann Velvet Z is a high THC Indica leaning hybrid of Red Velvet x Runtz

Velvet Z exhibits a complex blend. Combining the sweet, fruity essence of Runtz with the decadent, creamy dessert like flavours of Red Velvet, with subtle hints of fuel. Velvet Z buds are dense with beautiful frosty trichomes.

EastCann dried flower is packaged in nitrogen-purged, food-grade recyclable cans.

This type of packaging utilizes a purge of liquid nitrogen and hermetic seal to maintain freshness and preserve the dried flower quality and terpene profile.

Legacy Matters.
