EASTCANN

- CRAFT LP -

EastCann Banana Mints is a high THC Indica Dominant cross of Banana OG x Kush Mints 11

Banana Mints smells a bit like kiwi and is banana-adjacent in taste. That extra fruitiness is evidence of a luscious stash of terpenes and flavonoids. The aroma is rather intoxicating, pleasantly tart and honey sweet. Remarkably, that banana flavour follows through into the smoke amidst the citrusy terpenes and something reminiscent of chocolate.

EastCann dried flower is packaged in nitrogen-purged, food-grade recyclable cans.

This type of packaging utilizes a purge of liquid nitrogen and hermetic seal to maintain freshness and preserve the dried flower quality and terpene profile.

Legacy Matters.
